

Case Craft: From Problem to Poster

(To enhance participants' analytical thinking, problem-solving, teamwork, and presentation skills by working on real-world case studies.)

Team Formation

- Each team must consist of **4 members only**
- Cross-department teams are allowed
- All members must be from the same college/institution.

Event Format

1. Case Study Allocation

- A real-world case study will be provided **on the spot** to all teams.

2. Working Time

- Teams will be given **4 hour** to:
 - Analyze the case
 - Develop solutions
 - Design a poster

3. Poster Preparation

- Teams must present their ideas visually using a poster at their assigned table.

4. Jury Evaluation Round

- Jury members will visit each team's table after 2 hours
- Participants must explain:
 - Problem understanding
 - Approach & solution
 - Key insights

5. Final Review

- Posters will be evaluated based on predefined criteria.

Poster Creation Rules

- Posters can be:
 - Hand-drawn (chart/paper)
 - Crafted (creative material)
 - Digital (laptop/tablet allowed if permitted)
- Participants must bring their own required materials.
- Posters must be original and created during the event only.
- **Pre-prepared content is strictly not allowed.**

Research Guidelines

- Participants may use:
 - Mobile phones
 - Laptops
 - Internet access
- Content must be:
 - Relevant to the topic
 - Authentic and not copied directly

Evaluation Criteria

Participants will be judged based on:

- Understanding of the Case Study
- Innovation & Creativity in Solution
- Clarity of Presentation
- Team Collaboration
- Poster Design & Visual Appeal
- Practicality of the Solution
- Q&A round may be conducted by judges

Rules & Regulations

- Each team must strictly have **4 members**
- Participants must **be present at their assigned table during evaluation**
- **Time limit (4 hours)** must be strictly followed
- Use of **mobile phones or internet**
- Posters must be prepared **within the given time only**
